"Problems with technology"

Technology has made life much better and easier. It is hard to live without modern technology such as the internet, mobile phones, video games and other technological wonders. Sadly, many people start facing problems when they use technology for a long time. We can call it "technology addiction". Most young people are addicted to their phones. They spend too much time using social media. They also spend a long time playing video games online. Many people have been addicted to using the internet for a long time. This may cause headaches for them. In addition, they can waste their time doing useless things.

3 Read the following, then answer the questions: 5

Through the ages, man has brought about a lot of important inventions. He has invented machines that can change darkness into light and that can lift and carry. Because man is **inventive**, he can travel under water like a fish and in the air like a bird. He can look towards other stars and planets with a telescope. Also, he can see inside himself using X-ray machines.

Science and technology are a mixed blessing. Although **they** have made our life easier, they have sometimes failed to make us happier. They have failed to make real progress. Land, air and water are polluted by man-made chemicals. Noise is caused by modern inventions, like planes, cars, televisions and radios. The result can be disease or death.

A) Choose the correct answer from a, b, c or d:

1. The underlined word "**inventive**" means to be able to think of..... ideas.
